

Prevent Adhesion with Tosaf's Anti-Block Solutions

Designed to prevent film adhesion and blocking, our solutions ensure smooth processing and improved handling by reducing surface friction. Suitable for various applications, including food packaging, industrial packaging, consumer goods, and agricultural films.

Product	Carrier Resin	Additive %	Additive Category	Specific Gravity	Food Contact	Film Type				Details
						Food Packaging	Industrial Packaging	Consumer goods	Agricultural	
AB7644PE	LLDPE	70%	Silicate	1.72	✓	✓	✓	✓	✓	High loaded general-purpose grade
AB9897PE	LLDPE	65%	Silicate	1.59	✓	✓	✓	✓	✓	High loaded general-purpose grade Fine PSD
AB0510PE	LDPE	50%	Silicate	1.39	✓	✓	✓	✓	✓	Medium loaded general-purpose grade
AB4139PE	LLDPE	20%	Silicate	1.06	✓	✓	✓	✓	✓	General purpose
AB6174PE	LDPE	20%	DE	1.05	✓	✓	✓	✓	✓	Intended for high anti-blocking properties mainly for EVA containing recipes
AB7313LL	LLDPE	20%	Synthetic	1.03	✓	✓	✓	✓		High anti-blocking performance
AB0631LL	LLDPE	5%	High Purity	0.95	✓	✓	✓	✓		For high transparency thin gauge PE films
AB9988PE	LLDPE	5%	Proprietary	0.92	✓	✓	✓	✓		Spherical AB for low scratch and metalizable films
AB9870PE	LLDPE	5%	Proprietary	0.93	✓	✓	✓	✓		Specialty AB for high-end applications
